30 November 2026

Ad Material Deadline:
11 December 2026

Publication Date:
15 December 2026

The Japanese Maritime Self Defense Force (JMSDF) and the Royal Australian Navy (RAN) will be the first navies in the Asia-Pacific region to employ the New FFM frigate, based on the Mogami class design originally developed for series production for the JMSDF. A total of twelve New FFM (or Upgraded Mogami class) frigates will be constructed for the JMSDF, while Australia is set to receive up to eleven combatants, with the first unit planned to be commissioned in 2030.
